The state tax of New York for 1878  
is \$7,941,297.94.

The funded debt of Philadelphia  
amounts to \$61,204,441.50.

It now turns out that Ohio went  
Republican by a majority of only  
3,500.

We haven't quite recovered from  
the effects of the fair yet, but hope to  
have the "harness" securely buckled  
on, and the collar warm, by next week.

New York is still in the lead as the  
great dairy state, having 1,139 factories  
for butter and cheese, with 308,  
852 cows. The cheese products last  
year were 90,000,000 pounds cheese  
and 3,214,125 pounds butter.

HON. A. MACKAY, Sr., left on Tues-  
day morning last on an electrifying  
tour through the northern portion of  
the district. Mr. M. is gaining friends  
and popularity every day, and we  
predict for him an immense majority  
on the 5th of November.

MR. L. T. HATFIELD, of Milan, Mo.,  
the Republican candidate for the state  
senate in this, the 6th senatorial dis-  
trict, was in town yesterday looking  
up the faithful. We understand he is  
to make a short canvass through the  
county before the election.

BOGIE, of the Huntsville Herald,  
goes for one A. N. McGindley, for  
dead-beating that paper out of an an-  
nouncement fee. McGindley is a can-  
didate for prosecuting attorney on the  
third-party ticket in Randolph county,  
but Bogie didn't know him as well as  
we do, or he wouldn't have been "beat  
out of the money."

SIXTY-TWO national banks at Bos-  
ton have recently announced their  
semi-annual dividends, payable Octo-  
ber 1. The total amount is \$1,153,  
500, against \$1,524,500 for the same  
time last year. One bank pays 5 per  
cent, seven 4 per cent, forty declare  
dividends ranging from 1 1/2 to 3 1/2 per  
cent, while nine pass, and four unde-  
clared.

DR. D. H. HAMMONS, Col. C. W. Bell  
and H. C. Minter, Esq., have been  
making a very thorough canvass dur-  
ing the past two weeks. Their audi-  
ences have been large at every place  
they have spoken, and at some places  
very large. We haven't seen or heard  
of the third party candidate for re-  
presentative yet, and we predict that  
Hammons' majority will be so large  
that Dean will never be heard of af-  
ter the 5th of November.

MILO BLAIR, of the Sedalia Eagle,  
though overruled by the Republican  
state convention, is in opposition to  
the platform adopted, is determined  
not to be overruled in the columns of  
his own paper; and pitches into the  
money plank in the most vigorous  
manner imaginable. He says: "The  
resolutions adopted by the convention  
favor the hardest kind of hard money,  
with gold as the single standard for  
the measurement of values, and do not  
meet our approval; neither will it  
meet the approval of nine-tenths of the  
Republicans of the state. We shall,  
therefore, give the vote of our best  
to the financial plank and send it back  
to John B. Henderson, Carl Schurz & Co.,  
from whom it emanated."

NOT SO BAD.

State Treasurer Gates has realized  
\$229,000 on the Kansas City Water  
Works bonds he held to secure the de-  
posits in the Mason bank, thus only  
leaving a balance in that institution  
of \$286,000. He also held a bond to  
secure his deposit in that institution.  
He has instituted suit on this bond to  
recover the balance of the money, and  
may get it all.

The shipment of fresh meat to En-  
gland is still increasing. One vessel  
left New York on Saturday last for  
Glasgow, carrying 61 head of cattle  
and 901 quarters of beef; another for  
Liverpool with 538 quarters, and still  
another for the same port carrying 200  
tons of fresh beef. On the same date  
85 head of cattle and 900 head of  
sheep were shipped to Hull, and 30  
horses for Liverpool.

FROM every section of this congres-  
sional district, especially the northern  
portion, come reports of the growing  
popularity of Hon. G. F. Rothwell, the  
Democratic candidate for congress.  
Broadbuss is rarely ever heard of,  
while the Republican vote is really solid  
for Rothwell. Anyone who is truly a  
greenback man cannot afford to throw  
his vote away on Broadbuss, and there-  
by aid in the election of Pollard, a  
hard money man. Rothwell is un-  
questionably a better and more sin-  
cere greenback man than Broadbuss,  
and we implore every greenback man  
to vote for the champion of the peo-  
ple's rights, G. F. Rothwell.

We have heard of a number of  
meetings held by the third parties  
through this county, and from the best  
information we can get the candidates  
of that party are meeting with poor  
success in their canvass. No new  
names are being added to their num-  
ber, and many honest men have seen  
the error of their ways and renounced  
their unnatural allegiance to the Rad-  
ical side-show and pledged their faith  
with the Democratic party, where their  
votes will forward the greenback  
cause, instead of aiding in the election  
of Radical-Hard-Money Pollard, by  
voting for his co-worker, Broadbuss.  
The third-party ticket in this county  
is doomed to a very insignificant sup-  
port in November.

Prof. Harry Melville.  
The daring and successful arsonist,  
made his wonderful and perilous bal-  
loon ascension on Friday at the fair in-  
stead of Thursday as announced. A  
great many went away disappointed on  
Thursday evening because of the fail-  
ure, but none could reasonably blame  
the young man for refusing to make  
the attempt while the wind was blow-  
ing as it did all that afternoon. Every-  
thing was put in readiness and the as-  
cension was only prevented then by  
the high winds. On Friday, after the  
audience had assembled, the air being  
calm, and the sun shining brightly,  
the great air ship was inflated and the  
reckless young balloonist soared away  
above the clouds waving his hat at  
the crowd below him as though he  
was engaged in a piece of the most in-  
nocent and dangerous amusement.  
He made a successful landing in a tree-  
top, about a mile south, without in-  
jury to himself or balloon. This was  
the second ascension which Prof. Mel-  
ville has made at the Keytesville fair  
grounds.

C. B. HURSTALL.  
Among the attendants at our fair  
from abroad, we were pleased to make  
the acquaintance of the above named  
gentleman, of the firm of Hurstall &  
Sons, Chillicothe, Missouri. Mr. Hurstall  
is one of the few stock men (in this  
part of the state) who is fully alive  
to the importance of producing and  
raising the most improved breeds of  
stock. He and his sons have a breed-  
ing farm near Chillicothe, where they  
have a fine selection of young stock for  
sale. The following named stallions  
are to be found on their farm: Bonnie  
Glucose, Abdullah Duke and also the  
celebrated Norman Percheron draft  
stallion, Marshal Noy. In the course  
of our prior acquaintance with Mr.  
Hurstall we found him to be well in-  
formed on the subject of thoroughbred  
trotting and draft horses. He also in-  
formed us that he keeps on land Ar-  
shire and Jersey cattle for sale. This  
was his first visit to Keytesville, and  
in future we shall be glad to number  
him among the friends and patrons of  
our county fair.

COL. JAS. RICHARDSON, OF RANDOLPH.  
For the last ten years the above  
named gentleman has been a regular  
attendant at our county fair in fact he  
has been with us so much on such oc-  
casions, that we feel like counting him  
as one of our citizens, and would feel  
like our fair was incomplete without  
him. He has been one of the leading  
stock breeders in his section of the  
country for many years. Of late years  
he has turned his attention almost ex-  
clusively to fine cattle and hogs. He  
had on exhibition at this fair about a  
dozen head of as fine cattle as we have  
ever seen shown anywhere. His aged  
bull, Baron Blueplate, is certainly a  
first-class animal, and worthy of a pre-  
mium anywhere. His aged cow, Lucy  
Ashton, is a perfect beauty and model  
of the short horned Durham breed.  
So with the entire list which we might  
mention by name if we had the time  
and space to spare, but suffice it to say  
that Col. Richardson, this time, eclipsed  
all former exhibitors he has ever made  
here in the cattle line, and his stock  
received the very highest praise by all  
admirers of good cattle. His exhibi-  
tion of hogs was very good and received  
several premiums. We are always  
glad to see him come to our fairs, for  
the reason that he places before our  
farmers an example worthy of imita-  
tion. There is no nonsense or jockey  
tricks about fat cattle and hogs, but  
something of real intrinsic worth and  
merit. What an improvement it  
would be upon the farming interest of  
this county if more of our farmers  
would try to imitate his example.

MR. MACKAY is now in the north-  
ern counties of this senatorial district,  
and almost every mail brings encour-  
aging reports of his canvass. From  
the words of praise we hear of him he  
will certainly receive many votes from  
the opposing parties. It is predicted  
that in some of the upper counties of  
the district he will run far ahead of  
his ticket. One thing is certain, the  
voters of the district cannot bestow  
their suffrage on a more deserving man,  
or one who would hold the honor in  
higher esteem, and a more conscien-  
tious representative of the people could  
not be found. He will be elected by a  
hand-some majority.

L. N. GRAVES, OF SALINE.  
Saline county, for a number of years,  
has been well represented at our fairs.  
This year Mr. Graves was on hand  
with his two well bred, fleet-footed  
trotting stallions, viz: Hiram Woodruff  
and Dan Harrison. They bore off  
several premiums, as will be seen by  
our list published elsewhere. No  
special compliment need be attempted  
by us towards Mr. Graves' stock. Our  
citizens have been witnessing their per-  
formances here for the last ten years,  
and know that he presents nothing but  
first-class stock before the public for  
exhibition. He almost invariably  
bears off our largest prizes; neverthe-  
less we are always glad to welcome  
him to our fair. Come again, Mr.  
Graves.

In discussing the political outlook  
with a Republican the other day, we  
remarked that Rothwell was pretty  
sure to be elected, when he replied,  
"Oh, I don't know; if we can get  
enough fool Democrats to vote for  
Broadbuss to reduce the Democratic  
majority sufficiently we will elect Pol-  
lard." Here is the situation in a nut-  
shell. Men who have voted the Dem-  
ocratic ticket in the past profess to be  
greenback men now, and say they  
will vote for Broadbuss; they will  
thereby aid in the election of Pollard,  
a hard money man, while they do not  
question Rothwell's views on the fi-  
nancial situation. When Broadbuss  
ran for circuit judge Pollard gave  
him a good support. When Pollard ran  
for congress Broadbuss gave him a good  
support, and we need not be surprised that the two old  
partners still cling to each other, and  
that we find Broadbuss a candidate on  
the greenback ticket, hoping to draw  
enough votes from the true greenback-  
ers, the Democrats, to defeat Rothwell,  
a greenback man in principle, and  
elect Pollard, of the old law firm of  
Pollard & Broadbuss. True greenback  
men should not be fooled into this  
trap, and aid in the election of a hard  
money man, but vote for a genuine  
greenbacker, G. F. Rothwell.

OUR young friend Ford was the only  
one of our citizens who had the cour-  
age to contest the sway of Col. Rich-  
ardson in the cattle show at our fair  
last week. The Ford Brothers have a  
fine young herd of Short Horned Dur-  
ham cattle, such as any farmer might  
well be proud of, and only needs  
time and attention to make it equal to  
any in the state. That they did not  
take the premium this season is no dis-  
credit to them, for the reason that they  
were brought in competition with a lot  
of the very finest cattle in Missouri, in  
fact we will venture the assertion that  
no better cattle have been shown in  
any part of the state than the number  
shown by Col. Richardson at our fair  
this fall. Ford's cattle might have  
traveled a thousand miles this fall  
competing for premiums at the differ-  
ent fairs and at no point would have  
met with stronger opposition than they  
found right here at home. Ford's  
cattle were all in excellent condition  
but nothing like so fat as Richardson's  
cattle, and no one who has not had a  
trial of it knows how difficult it is to  
get judges to overlook fat in awarding  
premiums to the best stock. All we  
can say to our young friends is "if at  
first you don't succeed try, try again,"  
or in the language of old Kentucky's  
best, "pick your flint and try again."

PAT. GROGAN.  
The irrepressible Pat was in atten-  
dance at our fair this season with a  
full supply of first-class stock. Among  
others we will mention Jennie Crews,  
said to be the fastest trotting, pacing,  
and racking mare in North Missouri.  
The exhibition given with her here was  
not a full test of her speed, as the only  
horse in our county able to contest any  
part of the ground with her had not  
the blood or bottom to keep her at  
work. The old bay horse showed some  
wonderful dashes of speed, but the  
fleet-footed, far-reaching, easy-going  
stride of this famous mare, soon forced  
him out of wind, and after that, in  
each heat, she had an easy victory.  
Lady Patton, a beautiful bay mare  
shown by Mr. Grogan, became a great  
favorite with the audience also. She  
was exhibited several times in single  
harness and was very successful, she  
was also shown with Jennie Crews in  
the contest for the premium for the  
fastest double team, and although they  
failed to get the premium, yet they  
had a lot of friends in the audience  
who contended they were justly en-  
titled to it in consequence of having  
done the fastest trotting. Old Follow  
was the name of a beautiful two-year  
old harness stallion, by Ned Forest,  
exhibited by Mr. Grogan, and also  
Nellie, a bright, handsome, sorrel mare,  
the mate to Lady Patton, was exhibi-  
ted by Mr. Grogan very successfully.  
We admire Pat's pluck and skill in  
the management of his stock. He says  
there is no sense in feeding and rub-  
bing your stock unless you intend to  
exhibit. The only way to find out  
who has the best stock is to go into the  
ring and contend for the prize. There  
is both business and fun in such a  
course. Competition is what makes a  
fair interesting and pleasant. Come  
again, Pat.

KEYTESVILLE FAIR.

The eleventh annual meeting of the  
Keytesville Fair came off last week,  
and from the number of people in at-  
tendance from abroad as well as our  
home citizens each day, and the  
amount of good stock on exhibition, we  
can safely say it was a success. Dur-  
ing the whole five days allotted for  
the fair the weather could not have  
been more pleasant. The light rains  
that fell during the week all came at  
night and were just sufficient to set-  
tle the dust and make everything look  
bright and fresh each morning. Al-  
though considerable improvements and  
changes have been made about the  
grounds, yet the arrangements were  
insufficient to meet the demands of the  
many stock men in attendance at the  
fair. The exhibitions of stock on the  
track and in the ring were very fine,  
horses and cattle being the chief at-  
tractions in the stock line. The dis-  
play at the art and floral hall, was  
also good, and the arrangement for the  
exhibition of all articles in that de-  
partment was better and more conven-  
ient than ever before.

The week throughout was an enjoy-  
able one, and we congratulate Mr.  
Hill on having accomplished such a  
success in this eleventh annual exhibi-  
tion. For full particulars concerning  
the list of premiums awarded we refer  
our readers to a detailed statement  
published elsewhere in this paper.

There was not as much Chariton  
county stock on exhibition as there  
should have been. Some very good  
Chariton county stock was brought on  
the fair grounds and not exhibited in  
any of the rings, on account of the un-  
usually strong competition from other  
counties. It has been contended by  
some that a better home interest in  
breeding and raising good stock would  
be awakened among our citizens, if  
the premiums awarded in all regular  
rings were limited exclusively to  
Chariton county stock, leaving none  
but the sweepstakes prizes to be con-  
tended for by stock from abroad.

There is no question but that many of  
our farmers are deterred from pre-  
paring their stock for the fair simply  
because they have not the time to put  
them in condition to compete with  
stock prepared by jockeys and profes-  
sionals, who fit up for the purpose of  
traveling from fair to fair to make  
money. If some change was made in  
the programme, so as to guarantee to  
our home farmers a chance for a fair  
competition among themselves, there  
would be much more home stock  
shown, and our farmers would be stim-  
ulated to make improvements in their  
stock which has heretofore been left  
comparatively unnoticed. We merely  
mention this subject now, but give no-  
tice that when the question of the next  
fair comes up for discussion we will  
have a great deal more to say about it,  
as we think we can show very clearly  
that a more general home interest can  
be aroused by adopting some such  
course, and thereby guarantee success  
to the fair and material improvement  
in Chariton county stock.
